## Bo Bo Trent on Ferrum Football Team

FERRUM - William Marco (BoBo) of Appomattox has been selected as a member of the 1978 Ferrum College football team, Athletic Director and Head Football Coach Hank Norton announced this week.

William is the son of Ms. Margaret E. Trent of Appomattox. A freshman at Ferrum, William will see action this year as a fullback.

The Ferrum "Panthers," who last year earned their fourth National Junior College Football Championship, this year will play a ten-game schedule against some of the toughest junior college football teams in the country.

Only four games will be played this year on the Panthers' home turf at W. B. Adams Stadium. They are on September 23 against Wesley College, October 14 against Hudson Valley College (Homecoming), October 28 against Lees-McRae College and November 11 against Grand Rapids College. Game time for home games is 1:30 p.m.

Ferrum College has historically been a national junior college power, having captured the National Junior College Championship in 1965, 1968, 1974 and 1977. Coach Norton, who has served as head coach at Ferrum for 19 years, has amassed a career coaching record at Ferrum of 124 wins, 32 losses and 8 ties.

## Air Show Will Highlight Festival

The highlight of the Railroad Festival this year will be an Air Show beginning on Sunday afternoon, September 24, at 4 p.m. and continuing until dusk at Locust Grove Farm on Route 641, the home of Mr. and Mrs. James Ford.

Hot air balloons, sky divers, hang gliding, one bi-wing motorized hang glider known as the "Easy Riser" will all be part of the show.

There will also be parasailing and tow-kites.

Everyone will want to be on hand for the final event, and possibly the most exciting event, of the two-day festival.

### Invitational Tournament To Be Held At Jefferson Forest

The Invitational Tournament will be held at Jefferson Forest High School on Wednesday, September 13 with games scheduled for 5:00, 6:00 and 7:00 p.m. It will continue on Saturday, September 16 with the first game at 9:30 a.m. and the final game to begin at 4:30 p.m. Appomattox County High School will be playing at 9:30 a.m., either against Rustburg or E. ## Raiders Roll Over Generals 21 - 0

The Raiders looked impressive Friday night with a big win 21 - 0 over the William Campbell Generals. This was the first big hurdle for Appomattox since the Generals were big winners in their game with Liberty the week before.

The Raider offense plowed through the Generals line for 269 yards with Andrew Kelso accounting for 105 yards on 16 carries. Joe Fraley carried 11 times for 80 yards, Tony Hancock 5 times for 40 yards and Terry Woods 9 times for 36 yards. In addition Fraley completed five passes in seven attempts for 102 yards and one touchdown, a 23 yard aerial to Darrell Schrock.

Kenny Wayne Burks punted three times for a hefty 43.3 average.

The defense, led by Steve Cobb, Timmy Davidson, S. L. Ferguson, Ronnie Abernathy, Ronnie Hodnett, Fraley and Schrock have not allowed the opposition to cross the goal line this season, even during pre-season scrimmage, however they will find out how good they are this Friday when the Rustburg Red Devils come to town.

The Devils have won three straight Seminole District Championships, 23 consecutive district games and during the last three years have a 28 - 2 record.

The Raiders are confident they can stop the Devils ground attack and are looking for the Rustburg team to go to the air with Ken Anthony throwing to Robert O'Brien and Mike Payne.

This should be one of the seasons most exciting contests as the winner will certainly be a contender for the Seminole District title.

### Local Christians Appeal Ban On Jehovah's Witnesses In Argentina

Many of Jehovah's Witnesses in the Lynchburg area will be writing letters of appeal to government officials in Argentina, where their Christian society is currently under ban.

Thelbert Clay, presiding overseer of the Central Congregation of Jehovah's Witnesses, explained that a concerted effort in sending letters of appeal was being instituted now. This is because all efforts of legal recourse to return freedom of worship to Jehovah's Witnesses in Argentina have failed.

"In September of 1976," Clay explained, "the Argentine government announced that Jehovah's Witnesses were banned from practicing their religion. Time-consuming legal proceedings followed as Jehovah's Witnesses appealed the ban through the Argentine court system. Finally, though, in February, 1978, news sources in Argentina declared: 'Supreme Court Upholds Executive Decree Banning Jehovah's Witnesses.' The ban has continued in effect ever since."

Clay said that a report from the New York Headquarters of Jehovah's Witnesses indicated that the ban has resulted in persecution of Jehovah's Witnesses in Argentina. Their meeting places for Bible study have been closed down, children have been expelled from schools, adult Witnesses suffered loss of government employment, their private homes have been raided, arrests and even physical assaults have taken place.

Calling the ban unjust, Clay went on to describe the activity of Jehovah's Witnesses in Argentina. "Jehovah's Witnesses," he related, "are a society of peaceful Christians. The 33,000 Jehovah's Witnesses in Argentina, as the Witnesses in the United States and each of the 214 other nations hwere they are active, regularly meet together to study the Bible and offer aid to other persons to learn more about God's Word. They advocate adherence to the Bible's moral standards, love of God and neighbor, and a good Christian family life."

Regarding the Witnesses' view of governmental authorites, Clay referred to the Bible, at Titus chapter 3, verse 1. where, he said, "it tells Christians 'to be in subjection and be obedient to governments and authorities as rulers.' This is the position Witnesses take all over the world, including Argentina. Jehovah's Witnesses are not subversives. They are law-abiding Christians who put worship of God first in their lives."

Asked about the nature of the letters to be written, Clay explained that they would be an appeal for justice. "All we are trying to do," he said, "is to respectfully encourage the existing authorities in Argentina to take the necessary steps to restore freedom to the Christian minority, Jehovah's Witnesses."

Throughout the next few weeks, Clay stated, Jehovah's Witness will be distributing to the public an issue of their journal, Awake! that includes a detailed report on the persecution in Argentina as well as a list of names and addresses of Argentine officials to whom concerned persons may write.

Dwight Walker, 22-year old boxer for the Appomattox Boxing Club, easily won two boxing matches in one night, September 7th bout. Walker won by T.K.O. in 39 seconds of second round Roscoe Blankenship of Lynchburg. The second fight was suppose to be an exhibitation fight, but turned in the third round to a slug fest. Dwight Walker won ind fight by decision. Dwight is employed by Armstrong Furniture. He trains hard and his efforts show an impressive 3-1 record. He should be a good candidate for State

## MRS. CAWTHORNE NAMED MEMORIAL GIFT CHAIRMAN FOR COUNTY HEART ASSOCIATION

Mrs. Faye N. Cawthorne of Appomattox has been reappointed the American Heart Association's Memorial Gift Chairman for Appomattox County. The announcement was made by Mr. Richard C. Purvis of McLean, Chairman of the Board of the Virginia Affiliate of the American Heart Association. The reappointment marks the 2nd year that Mrs. Cawthrone has served as Memorial Gift Chairman.

Mrs. Cawthorne thanked the citizens of Appomattox for their past support of the memorial gift program, indicating that this year the Heart Association's memorial gift program will have a new theme, "A Time To Remember." The program encourages gifts for any occasion - get well, birthday, anniversary or death. A new component of the program will be the scrolls to be used when more than one person makes a gift. The scroll will list all contributors and is sent to the honored person or their family. The scrolls can be used on special occasions like birthdays, weddings and graduations as well as for the traditional memorializing of the deceased.

The American Heart Association uses the money received from the contributions to support the programs of research, education and community service. During 1978-79 over $20 million will be awarded by the Heart Association to support research of the heart and blood vessels, making AHA the largest independent supporter of cardiovascular research in the world. As a result of the continuing work in heart research and public education, dramatic declines over the last decade have been detected in several areas of cardiovascular deaths. Total cardiovascular deaths are down 21.3%; stroke deaths, - 27.9% and hypertensive death, - 47.9%.

To make a memorial gift, send your contribution with the name of the person to be honored, your name and address as well as that of the person to be notified. Checks should be made out to the American Heart Association and sent to Mrs. Faye N. Cawthorne, P.O. Box 102, Appomattox, Virginia 24522. The gift is tax deductible and will be acknowledged to the family with the amount being held confidential.

Lewis Turner of Red House, Kenneth Cooper of Lynchburg, and Bill Britten of Appomattox (Bill is shown in above photo) and other local skv divers will be starting the show at 4 p.m.

## Eating Well

Mrs. Barbara L. Morlang, R.D., Ph.D.
State Nutrition Consultant
Va. Dept. of Health

### HEALTH FOODS

Every day we hear our co-workers and friends talking about "Health Foods". What do the terms "health foods", "organic foods", and "natural foods" mean to you? Many say that health foods are foods which promote the health of an individual. If that is true, then all edible foods providing nutrients should be considered "health fodos". Foods contain carbon, and, therefore, all foods are organic compounds. All foods are also natural or processed from natural foods. Therefore, the terms "health foods", "organic foods" and "natural foodds" should not be restricted to foods which are grown using only natural fertilizer and without the use of insecticides.

There is no basis for the concept that organically grown foods are nutritionally superior to those grown with chemical fertilizers. Experiments conducted at Rutgers University and at the U.S. Plant, Soil and Nutrition Laboratory at Ithaca, New York have found no difference in the mineral or vitamin content of crops grown organically or inorganically.

The body's need for nutrients can best be met by getting the right amounts of meat, milk products, fruits and vegetables and breads and cereals. Making wise food choices is the key to nutritional health.
